ALL BLACK NZ KETTLE KORN

Kickoff is almost upon us, as the All Blacks take on the rest of the world shooting for glory.

As Kiwis we all must do our part, we must rally together and show the world what it really means to be a New Zealander. We are innovators, we are brave, and we aren't afraid to take on the greatest of challenges.

When the game gets tense and you're perched on the end of your seat, eyes glued to the screen, don't claw the couch. Wrap your hands around a sturdy limited edition All Blacks New Zealand Kettle Korn tin.

As Kiwi as the All Blacks and an official licensee of NZ Rugby Kettle Korn is proudly New Zealand made. Kettle Korn is the ideal snack food to enjoy with the game, even at 3.45am. Supporting our boys in black has never been tastier. Lightly salted, slightly sweet and deliciously crunchy.
