POPCORN FOR CHILDREN IN NEED

Hungry Kiwi kids have found an important ally in **New Zealand Kettle Korn**. The small company is launching its Eat My Lunch supporter's bag; for each bag that shoppers buy, another one goes to a local child in a low decile school. NZ Kettle Korn aims to donate around 100,000 extra bags to the Eat My Lunch programme. The company has also committed to donating \$20,000 a year, providing 4,000 extra lunches.
